Key features	Benefits
Plug in installation	Standard induction cooktops have specific power requirements and must be installed by a qualified electrician. With this cooktop, you get the benefit of induction cooking without the added expense for installation. Simply plug and play. See the user manual for best operation.
Child lock	Child lock allows you to lock the controls so the settings cannot be changed by little fingers.
Touch control	Touch controls are simple to use and easy to clean. A sleek finish to your modern kitchen.
